REPORTS: Commission To Meet

Members of the San Mateo County Civil Service Commission will meet with Mrs. Sarah A. Wilkins, representative of the California State Personnel Board, in Redwood City next Wednesday to hear reports on progress of the recently-installed civil service program.

First on docket for the personnel board, which is installing the civil service program here, is preparation of requirements for a personnel secretary or director for the commission. The personnel director will receive $250 a month.

Other problems of the personnel board, as outlined in a meeting this week, are:

1. To make a job analysis of the entire service in the county and classify jobs.
2. To prepare rules and regulations of the commission.
3. To assist the commission in technical matters of personnel administration.

The personnel board will keep a representative here until civil service gets well under way, according to Asst. Dist. Atty. Daniel E. Sullivan.

Promoted

Leslie M. Rudy, former manager of the Port of Redwood City, this week was advanced in rank from major to lieutenant-colonel and made executive officer of the western division of the army transportation corps. He is stationed in San Francisco. He and his wife make their home at 152 King St., Redwood City.

The value of wool carpeting manufactured in Canada increased from $1,900,000 in 1933 to $4,500,000 in 1940.

4 Speeders Forfeit Gas Rations

South San Mateo County Rationing Board is letting it be known that it means business when it says automobile speeders will be punished by loss of gas rations.

Teddy Lauman, board chairman, has revealed that four more persons have lost their gas ration books for the duration for driving at the rate of 55 miles an hour, bringing the total to date to 32.

7 SUSPENSIONS

Three persons had their gas ration books suspended for 20 days for driving 50 miles an hour, and four motorists will lose their gas supplies for 10 days for driving 40 miles an hour or more. This makes a total of 26 temporary suspensions.

Two persons were issued warnings for exceeding the 35-mile-an-hour speed limit. This brings the total number of warnings from the Redwood City board to 47.

Latest to have their gas ration books suspended for the duration were Mrs. Lee Sterling, 710 Redwood Ave., Redwood City; Vasto Sardi, 719 Elm St., Redwood City; William E. Gugat, 414 Fourth Ave., Redwood City, and Ralph Kidder, 1105 Garden St., East Palo Alto.

NAMES LISTED

Losing use of their gas supplies for 20 days were Harry Bourquin, 50 Avondale Ave., Redwood City; Willie L. Battles, 56 Serrano Dr., Menlo Park, and George W. Grosscope, Rt. 1, Box 859-A, Menlo Park.

Ten-day suspensions were given Walter M. Garrett, 35 Hazel Ave., Redwood City; William R. MacKenzie, Godetia Dr. Redwood City; Lee R. Powell, P. O. Box 124, Menlo Jark (car operated by John M. Nebel, same address), and Claire P. Tuttle, 176 Willow Rd., North Palo Alto (car operated by Franklin H. Tuttle, same address).

Given warnings were Walter R. Carr, San Francisco (car driven by Beverly J. Irwin, 59 Woodrow St., Redwood City), and Hiram S. Stout, 138 Lincoln Ave., Redwood City.

Bus Hearing To Be Held

The state railroad commission has notified the San Mateo County Board of Supervisors that Mar. 4 at 10 a. m. has been set as the time for a hearing on the application of Joe N. Caccamo and Emile J. Pouquette for authority to discontinue operation of a bus service from Redwood City to Emerald Lake, Canyon Sanitarium and intermediate points. The meeting will be held in the courthouse at Redwood City.

Caccamo gave notice several months ago of his desire to discontinue the bus service because of the lack of passengers.

Wife Seeks $1000 a Month

Monthly alimony of $1000 is being sought by Mrs. Louisa Nichols, 2300 Ralston Ave., Hillsborough, from George S. Nichols, principal owner of an advertising business operated under the firm name of Blanchard-Nichols, according to a divorce complaint on file today in superior court at Redwood City.

Mrs. Nichols charges her husband with cruelty and inhuman treatment which caused her grievous mental suffering.

Mrs. Nichols alleges that Nichols' annual income is in excess of $25,000 a year. Besides the $1000 a month alimony she asks $3500 attorney's fees, $500 costs, and community property. She also asks an order enjoining and restraining Nichols from selling, transferring, mortgaging, or otherwise encumbering all or any part of community property or of separate property, securities or money.

Exchange Club Honors Past District Governor

Past Dist. Gov. Clive Saize was officially entertained Tuesday by members of the Redwood City Exchange Club at a closed meeting.

During the short business session the Exchangites voted to attempt to carry on the regular club projects — scholarships to high school seniors, Easter egg hunt, Christmas party and various entertainments — during this year as in the past.

Honore' Books Hollywood Western Rider

Redwood City youngsters will have the time of their lives Saturday, according to Mgr. Hal Honore' of the Fox Sequoia Theater. By special arrangement with the studio, Gene Autrey's best trick rider, Jimmy Doss, right from the sets of western film lore, will be on hand in person to tell the kiddies how it's done. Jimmy will make his local appearance from the stage of the Fox Sequoia Theater tomorrow at 4:45. Johnny Shaw will be at the theater to play the organ, and Honore' will be master of ceremonies. A full half-hour program will be given the matinee patrons, at no additional cost, in conjunction with the regular film program. Jimmy Doss has just received a letter from the President, thanking him for immortalizing our country in the present war, in music, through his new composition, "We Can, We Must, We Will," a song which he will sing to the kiddies on this special program.

M.P. Taxes Discussed

MENLO PARK—"There is no likelihood that the present tax rate will be reduced," warned Councilman Charles Burgess this week as the Menlo Park City Council discussed possible curtailment of activities to conform to a state senate request. The council decided no curtailment could be made before the next fiscal year, beginning in July.

Tom Huesties, street department employe, was granted an increase in salary from $6 to $6.50 per day. Street Comsr. William Cutter, who proposed the raise, said the increase would amount to approximately $50 for the rest of the fiscal year.

After discussion by 30 students from Menlo Junior College, the city council postponed indefinitely any action on the proposed ordinance for registering bicycles.

Divorce Suit Charges Adultery

Mrs. Marie Miramon, 233 King St., Redwood City, charged in a divorce complaint against John B. Miramon that her husband had threatened to kill her, and in a second cause of action charged that Miramon had been guilty of adultery.

Mrs. Miramon, who filed the complaint in superior court in Redwood City, charged that the "defendant on many occasions abused, scolded and cursed plaintiff, and has threatened plaintiff with bodily injury and with death, and has stated that he would murder her; that plaintiff is in fear . . . for her life and safety."

Mrs. Miramon charges that Miramon has associated with other women and "particularly has sought and kept company with a certain married woman in San Mateo County."

The couple was married in February, 1921, and separated Feb. 13 of this year. Miramon, according to the complaint, is employed by the Southern Pacific Co. and earns about $300 a month.

Supervisors Approve Plan To Buy S.M. Point Property

San Mateo County supervisors had served notice that they intend to buy 26 acres at San Mateo Point, nine acres of which in turn will be sold to the U. S. Maritime Academy.

The supervisors at a special meeting adopted a resolution setting Mar. 18 at 11 a.m. in the courthouse at Redwood City as the time for a public hearing on the proposal.

The plan is to buy the tree-covered knoll from the Bowie Estate for $18,000. The maritime academy would use the additional ground for an athletic training area. The county gave the school 20 acres at San Mateo Point for its present buildings and training grounds.

The remaining 17 acres to be purchased will be used as a public park, according to the supervisors' plans. The county already has 10 acres, at the yacht harbor site.

County Executive Frederick Peterson, who attended the special meeting, advocated letting the maritime academy have the entire site.

Many friends and admirers of F. W. Johnson attended his funeral from the Church of the Nativity last Saturday. He had resided in this community nearly all his life and had a large circle of friends. Until recently he had been superintendent of roads of the third township, a position he received from the late John McBain, who had been supervisor for many years. Mr. Johnson was an authority on street work and knew every foot of the roads in this township. He was a prominent member of the Native Sons.

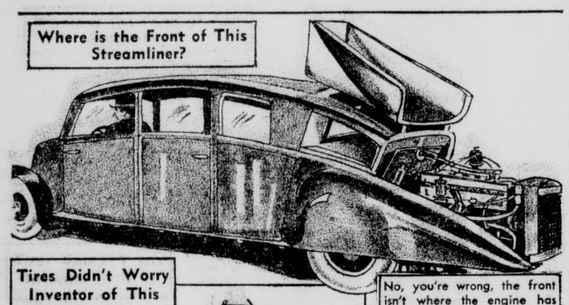
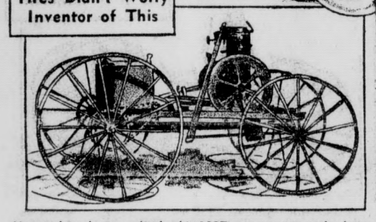
Where is the Front of This Streamliner?



No, you're wrong, the front isn't where the engine has been exposed by raising the hood. Yes, there's a radiator both front and rear. And, the extra tire is mounted inside the door.

This car, designed by Sir Denistour Burney, who also created British dirigible R-100, takes sharp turns easily at 70 miles per hour. It was demonstrated in America just 11 years ago by Maj. Jack S. Courtlauld.

Tires Didn't Worry Inventor of This



Mounted on buggy wheels, this 1897 steam car was the home-made creation of John Leck of Santa Ana, Cal. It traveled at the scandalous speed of 5 miles per hour—but got there, just the same! And John was never bothered by the subject of rubber.

Correct answer to "What Is It:" Streamlined auto, built along aircraft lines. It appeared on Hollywood streets in 1935 but never got into mass production. The car was built for speed, air resistance and distinction, of which it certainly has plenty.

Cereal Provides Cookie Idea

Cookies for the lunch box, cookies for the soldiers, cookies for extra wartime energy. With such persuasive demands, no wonder the cookie baking business is booming now in most American kitchens! And here, just when your cookie-making ideas may be running low, is a 1943 kind of cookie made with Fisher's Zoom, the new instant-cooking flaked whole wheat cereal.

Besides striking a welcome note at the breakfast table, Zoom can be used the same as oatmeal in most cookie receipes. It adds the delicious flavor and important nutritive values of whole wheat—protein, energy, B vitamins, phosphorus, and iron. Zoom cookies have the further advantages of economy, ease in making, and good storing qualities. They pack well in lunch boxes for your war workers and in boxes from home for your men in uniform—taste just as delicious at the time they're opened as at the time they're packed.

Make a batch of Zoom cookies from the tested recipe below.

Fisher's Zoom Cookies

Yield: 3 dozen.
1¾ cups Fisher's Blend flour
1 teaspoon cinnamon
½ teaspoon soda
½ teaspoon salt
½ cup shortening
1 cup sugar
1 egg
2 cups Fisher's Zoom
½ cup raisins or dates
½ cup nuts, if desired
½ cup milk

Sift and measure Blend flour. Resift with dry ingredients, excepting sugar and Zoom. Cream shortening until light; add sugar gradually, blending thoroughly. Add 1 teaspoon vanilla flavoring, if desired. Beat egg until light; add to sugar-shortening mixture. Add flour mixture and then the Zoom. Stir in fruit and nuts, if used, and lastly add the milk. Drop a teaspoon onto a well greased baking sheet. Bake in a 425-degree F. oven 15 to 20 minutes, or until done.

Ed Wynn, famous stage comedian, comes to the Curran Theater, San Francisco, next Monday night at the head of "Big Time," all-star Broadway variety stage revue.

Besides Ed Wynn, the lineup includes Paul Draper, Jane Pickens, Moke and Poke, Corinna Mura and New York importations galore. Fred Finklehoffe and Paul Small, who produced th hilarious "Show Time" here last Summer, are the managerial minds of the incoming "Big Time." Incidentally, the preceding "Show Time" is now New York's longest run variety revue.

Billy Rayes, Adriana and Charly, Dick and Dot Remy, Paul La Varre, Eleanor Schramm and Helen Tighe are all included in the "Big Time" principals, forming an impressive array of youth, beauty, laughter and song. Ed Wynn, "the perfect fool," shoulders the heaviest assignment, of course.

According to the producers, Ed Wynn has been saving up for "Big Time." Most of his laughing inanities are right out of the famous Wynn notebook, in which he jots down everything from gags to inventions, from song suggestions to hints for production numbers, from puns to possibilities. This latest Broadway frolic promises to give the best of Ed Wynn in person, and the best of the Wynn idea in revue performance. And take it from Finklehoffe and Small, every one of the "Big Time" specialists is a name performer. Which should make this super-variety Broadway revue what the producers want it to be. Nohting hackneyed, nothing trite.

"Snack" News From Hollywood!

"TIME TO KILL" is her latest 20th Century-Fox picture, but star Doris Merrick doesn't take that title too seriously.

Between scenes, she's busy entertaining studio friends with super-snacks like these — co-starring light, flaky Snow Flake Soda Crackers.

Try these tonight:

Spread peanut butter over fresh Snow Flakes, garnish with jelly. . . . Slice an onion on a Snow Flake and top with a thin slice of cheese. . . . Fold chopped chives and parsley into well-drained cottage cheese. Spread over Snow Flakes. . . . Mmmm!

INSTRUCTIONS.—To find the Point Value of an item:
1. Find out the net weight of the contents (from the label, if any).
2. In the line across the top of the chart, showing the weight in ounces and pounds, find the column in which this weight belongs.
3. Find the item in the listing of items in the column to the left.
4. The POINT VALUE of the item appears on the same line as the item and in the column listing the correct weight.

All Point Values must be determined by weights. If no weight is marked on the item, the item must be weighed.

In finding the Point Value of a container where contents are given in *fluid ounces*, consider the fluid ounce to be the same as the *avoirdupois weight ounce*. One pint is one pound; one quart is two pounds.

The Point Value of any item weighing over four (4) pounds shall be arrived at by multiplying the number of pounds of that item by the Point Value per pound of that item as given in the "Per Pound" column. Fractions of a pound should be figured in quarter-pounds. Fractions of a quarter-pound should be figured to the next higher quarter-pound. Thus, an item weighing 4 pounds 9 ounces would be considered as weighing 4 pounds 12 ounces for the purpose of getting the Point Value of the item.

Search Continues For Robbers

No trace has been found today of two men described as Mexicans and an accomplice involved in the robbery of a street car motorman and conducterette at the Holy Cross station, Colma, according to the San Mateo County sheriff's office.

The street car employes reported they were held up at 10:48 p.m. Saturday by two men who accosted them when the motorman, Frank Rose, got off the car to change the trolley. One of the men took $61.66 of the company's money, $4 of the money belonging to the conducterette, Geneva Palmer, and $3 from Rose.

One of the men stuck a gun to his back, Rose reported. After the robbery, the two men ran to the front of the station, where an automobile was waiting for them. They jumped on the running board and drove off toward South San Francisco, according to the sheriff's report.

BELMONT COUNCIL: Paul A. McCarthy Succeeds McCurdy as City Attorney

BELMONT—City Atty. Paul A. McCarthy of Redwood City was appointed to succeed the late Judge J. E. McCurdy of San Mateo as Belmont city attorney at this week's meeting of the city council. McCarthy will take office immediately.

Attorney McCarthy, who lives at 789 Hopkins Ave., Redwood City, has been active in Redwood City civic affairs since 1929, having served as councilman from that year until 1940 and as mayor from 1936 to 1938. He was author of the Port of Redwood City amendments to the city charter and a member of the freeholders committee which drafted the charter.

During 1934 he served as president of the Peninsula Division, League of California Cities. For 10 years he taught at the University of San Francisco's evening law school, and for the past year has been Redwood City's city attorney. He also is president of the San Mateo County Historical Society.

The Belmont council also heard a petition from the Belmont Woman's Club urging the

PAUL A. McCARTHY

opening of a road from Sixth Ave. in Belmont to San Carlos and extension of Alameda de las Pulgas into South San Mateo. The petition was presented by Mrs. Lloyd W. Taft, chairman of the Woman's Club Committee which includes Mrs. Peter Ross, Mrs. Stephen Fischer and Miss Victoria Roussel.

At the club's request, Mrs. Catherine Heartsner, Belmont city clerk, was instructed to forward copies of the petition to the San Carlos and San Mateo city councils and the board of supervisors of San Francisco and San Mateo Counties.

The request, the petition stated, was based on the fact that El Camino and Ralston Blvd. are now army roads, subject to closure at any time it is considered expedient. Since Belmont depends largely on San Carlos, Redwood City and San Mateo for shopping, the club considers the opening of such a road, although not necessarily hard-surfaced at present, a "safety measure" as well as an "investment." Entire road additions under the plan would involve less than one mile of new construction.

After hearing the petition, the council adjourned in tribute to the late Mr. McCurdy.

Housing Goes To S.S.F.

SOUTH SAN FRANCISCO—South San Francisco, seat of the Peninsula's major defense industries, will definitely be the site of the federal government's 528-unit housing project for defense workers, Langdon Post, regional director of the Federal Public Housing Authority, announced Tuesday.

Plans are now being drawn for the new location, he said, which is a 65-acre tract on the east side of El Camino Real near the Poetsch & Peterson cannery. Construction is expected to start in two weeks.

Lying well within the city limits, the project now falls under the authority of the South San Francisco Housing Authority and out of the hands of the San Mateo Housing Authority, of which Frank Bloom is director.

Decision to put the project in South San Francisco placed Bloom in the position of county housing director with no houses to build at this time. He announced today that he is closing his San Mateo office next week, and will become an assistant to Langdon Post in San Francisco.

Post said today he did not know just what Bloom's status would be.

The fixed remuneration attached to the honor of being England's poet laureate is about $515 per year.

OPA Cracks Down on Meadows Motorists

A crackdown on motorists who use their automobiles to travel to Bay Meadows race track was announced Tuesday by Office of Price Administration officials, who reported that 1204 cars were parked on the highway near the track yesterday.

Names of 240 car owners were recorded to be turned over to their local ration boards, with the possibility that they may lose their gasoline rations.

The list included 83 autos with no gas ration stickers at all, 104 with "B" stickers and 53 with "C's." Ration books will be withdrawn in cases of misuse of rations, OPA officials declared.

Meanwhile, California Race Track Employes Union 280 filed flat denials in superior court at Redwood City to charges filed Friday by Pari-Mutuel Employes Guild and James Ettinge, president, that their employment would be uncertain unless they joined the union.

The union was sued under the name of Race Track Employes Union. Superior Court Judge Maxwell McNutt issued a restraining order against the union Friday, but canceled the order Tuesday.

In San Francisco OPA officials today said records of 958 "A" ration book holders whose machines were parked on El Camino Real near Bay Meadows yesterday would be checked to determine if they had been granted supplemental rations and failed to post the proper stickers.

Joseph F. Rankin, OPA district enforcement officer, said that regular checks will be made at the race track and at "other places of amusement."

The California Highway Patrol is not tagging cars for parking near the race track, however, Capt. E. F. Cassell said today.

Bay Meadows opened Saturday after it was given the go-ahead signal by Rubber Admsr. William Jeffers on the condition that autos not be used to reach the track.

General Motors Safety Record

General Motors today reported that 1942 was the best plant safety year in its history, despite the addition of approximately 120,000 new employes including those hired to replace men entering the armed services, and the creation of hundreds of new jobs in war work.

The time lost last year by employes due to accidents in General Motors plants was just slightly over one-half day per thousand hours worked, a new all-time low and 6 per cent under the record of 1941. The 1942 record is 66 per cent lower than the rate for all industry as reported by the National Safety Council for 1941.

In the frequency of accidents there was one lost-time accident for every 100 man years of work in GM plants last year. The rate was 4.39 lost-time accidents per million hours worked, an increase of 8 per cent over 1941, but 71 per cent lower than the 1941 rate for all industry as reported by the National Safety Council.

Four General Motors plants completed 1942 without a single lost-time accident, the Delco Radio plant at Kokomo, Ind., having now gone two years with a perfect safety record. The other plants which reported no time-losing accidents during 1942 were three Fisher Body plants in Detroit. The total number of hours worked represented by this record was 7,420,605.

The safety program in General Motors plants is based upon a six-point plan established by C. E. Wilson, president of the corporation. It follows:

1. Interest in safety on the part of top management.
2. A definitely established safety organization through the supervisory organization to each individual employe
3. Adequate and capable full-time safety personnel
4. Written safety procedure and instructions for each occupation.
5. Thorough safety instruction of new employes.
6. Stimulation of interest in safety on the part of every employe.

S.C. To Conduct Defense Drill

SAN CARLOS — A citywide daytime mobilization drill will be held Feb. 28 in San Carlos, with all civilian defense personnel participating, Louis J. Vargas, secretary of the San Carlos CD Council, said this week.

During the drill, which will be from 1 to 3 p. m., the CD workers will be checked for timing in simulated incidents. At the conclusion of the drill, the five air raid sirens will be tested by blowing the "all clear" for the first time in several months.

Crackers Extend Meat Supplies

Be not dismayed at the bare meat counters that greet the eye these days! For while the shopper can no longer be "choosy," she still can work magic with whatever she can get from her butcher . . . if she's equipped with a generous, family-size package of Snow Flake Crackers.

Consider fresh, flaky Snow Flake Crackers in the light of your favorite casserole or the loaf pan. And then—save time—save money — save disposition with these tempting main dishes:

EGG AND SAUSAGE SCALLOP

1 lb. pork sausage meat, crumbled and lightly browned.
2 cups coarsely crushed Snow Flake Crackers.
1 egg.
1 cup milk.
½ teaspoon salt.
⅛ teaspoon pepper.

Drain off fat and mix cooked pork sausage with the rest of the ingredients, reserving ½ cup Snow Flake crumbs for topping. Pour into greased casserole and bake in moderate oven (350°) about ½ hour. Serve with gravy or well seasoned sauce. Serves six.

★ ★ ★

And of course you can extend meat by not using any . . . and not even miss it. For instance, this Corn and Tomato Fondue, which isn't exactly a fondue at all except that its grand, substantial texture is due to the Snow Flake crumbs it contains. It's served on crisp, oven-fresh Snow Flakes too!

VEGETABLE DELIGHT

3 tablespoons butter.
3 tablespoons flour.
¾ teaspoon salt.
Dash of pepper.
1½ cups milk.
1 small can whole kernel corn.
1 cup grated American cheese.
⅓ cup catsup.

Melt butter, blend in flour, salt and pepper, then slowly stir in milk and cook till thick. Add remaining ingredients. Serve on oven-fresh Snow Flake Crackers. Serves four.

★ ★ ★

Then there's always the possibility of seafood dishes which are recommended at least once a week. This delicious loaf got its start as a Salmon Loaf . . . now try it with fish flakes, left-over cooked fish, tuna, lobster, crab, shrimp or what-have-you.

FRIDAY LOAF

4 oz. noodles (½ 8-oz. pkg.)
1 egg, slightly beaten.
¼ teaspoon salt.
⅛ teaspoon pepper.
1 teaspoon grated onion.
1 cup milk.
1 cup coarse Snow Flake cracker crumbs.
¾ cup flaked fish.
1 tablespoon lemon juice.
¾ cup whole kernel corn.

Cook noodles until tender in boling, salted water. Drain. Combine with remaining ingredients. Poul into greased loaf pan. Bake in moderate oven (350°F.) about 45 minutes, or until firm and lightly browned. Serves six.

Our old friend meat loaf—let's not insist that it be "veal loaf" these days—profits by association with plenty of Snow Flake Cracker crumbs in its make-up. This is one you'll find successful using practically any meat you can get, even left-over meat.

MARVEL MEAT LOAF

2½ cups ground meat.
2½ cups Snow Flakes, coarsely crumbled.
1 medium onion, chopped.
1 small garlic clove, finely sliced.
1 tablespoon chopped parsley.
1 teaspoon salt.
¼ teaspoon pepper.
1 egg.
1 cup evaporated milk.

Mix all ingredients together in order given and form into a loaf. Bake in moderate oven (350°) 50 minutes. Serves six.

Sequoia Classes To Receive 22 Miniature Treasury Flags

Twenty-two small Treasury Department "Minute Man" flags will be presented next week to basic studies classes at Sequoia High School which have reached 90 or 100 per cent in stamp sales to class members, Edwin Hunt, stamp sales committee chairman, announced today.

Up to Feb. 18, the percentage of the entire school in stamp purchases was 80 per cent, indicating that 10 per cent more must be made during the week in order for Sequoia to fly the giant Minute Man banner during March.

Stamp sale totals thus far for February are $7800, including those sold through the student store, basic course classes and at the front hall booth.

NEW TEACHER

Marjorie Lucas, who has been teaching at San Jose State College, has been appointed to replace Mrs. Virginia Sheflin as dancing instructor at Sequoia. Mrs. Sheflin left recently to join her husband in Texas. Her successor, a graduate of the University of California at Los Angeles, is considered one of the better dancing teachers on the Pacific Coast, according to Superintendent A. C. Argo, who announced the appointment.

MARIE GUIDA RESIGNS

Marie Guida, commissioner of cultural activities at Sequoia High School, has resigned her position because of an illness which will keep her out of school for the present quarter and perhaps for the entire second semester. Election of her successor will be held Mar. 5. In the meantime Wally Jonason has been appointed as temporary commissioner, to serve until the election.

STUDENT PANEL

Five public speaking students will be named to conduct a panel discussion Mar. 4 before the meeting of the Woodside Parent-Teacher Assn. Information gathered at the recent lecture by Dr. Rudolph Holsti of Stanford on postwar organization of the world will be used as a basis for the panel, which will be directed by Louise Linton, public speaking teacher.

GARDEN CANVASS

One hundred students in the senior problems and United States history classes have volunteered to assist in a house-to-house victory garden survey in Redwood City, to be conducted next month under the direction of the civilian defense council.

Try Shoping From Ad to Ad

Victory is our all-important objective today. It is dependent upon our fighting men . . . on the workers in factories and on farms . . . on the supply of food, which is now being increased by the vegetables that home folks are raising in their backyards. Food will help win the war, and thousands of backyard victory gardens throughout America are making a valuable contribution to the health of the nation and to victory.

To us, victory means an opportunity to live normal lives in a free land. To the Axis, it means a slave world dominated by a master race.

In the advertisements of such newspapers as this—something considered unnecessary in a totalitarian world where the dictators would decide what we should eat and wear and do and read—you will find helpful information about raising victory gardens, messages about seeds, tools, fertilizers and the various things necessary to successfully raise worthwhile garden crops.

Today when so many products are rationed and it is so important to conserve automobiles, gasoline, rubber and other vital materials, the newspaper with its advertising columns plays a greater than ever part in our daily lives. It keeps us informed on commodities and services available and where to obtain them under wartime conditions with greatest economy of time, money and transportation.

Advertising is an expression of the free enterprise for which our ancestors fought and for which we are fighting today. To choose and buy through advertising is a privilege that only free people can enjoy.

Shop the wartime way—from ad to ad, instead of from store to store.

Subcommittee OK's Rights Amendment

Mrs. Neenah Hasting Lessemann of Redwood City, California legislative chairman for the Women's National Party, said today she had received word a Senate judiciary subcommittee has approved the equal rights amendment and has reported it out for consideration of the full committee.

POINT FOOD RATIONING

POINT RATIONING WILL BEGIN MONDAY, MARCH 1st

The Office of Price Administration regulations forbid the sale of any rationed items including processed or canned fruits and vegetables, or fruit and vegetable juices hermetically sealed in cans or glass containers during the period from February 21st to February 28th, inclusive.

Everyone, of course, will want to cooperate. Your Safeway store is using this time to stock the shelves and train employees to better serve you under point rationing.

When sales start under point rationing, you will find a good variety of all rationed items available at Safeway's usual low prices. *Remember, hundreds of non-rationed items are available for your selection during the "Freeze" period at your neighborhood Safeway.*

Don't Slight Breakfasts

If there ever was a time for talking up breakfasts, it is the present. Almost every one of us is carrying an extra load of responsibility these days and we need an extra good start to put us on our toes bright and early. And we need a substantial breakfast also to see us through the entire morning without that mid-morning let down.

You don't have to be a martyr to rationing and neglect this morning meal on that count. There are all kinds of delicious offerings around which to build the breakfast menu that will bring an early morning sparkle to those sleepyheads. On these chill mornings, serve a piping hot main course like pancakes, waffles, or fried mush with heated syrup. Those favorites are better than the best alarm clock to get the family out of bed. Try it and see for yourself.

PANCAKES — Make them with prepared flour if time's an item, or with enriched flour for that extra vitamin B. You can make the batter the night before with the exception of the melted shortening. Add it in the morning while the griddle is getting hot. I like to make my pancakes about the size of a dollar (an inflated dollar, maybe) and serve them in miniature stacks along with a pitcher of heated syrup. Have the breakfaster all set and ready to eat as they come off the griddle.

WAFFLES—Any way you serve them, they always seem like an extra treat. Vary them by adding chopped nuts to the batter, or dried fruit or grated apple. Corn meal waffles are lip-smacking too. Substitute half the flour for corn meal. And don't forget the heated syrup and hot breakfast plates.

FRIED MUSH — Here's an oldtimer worth repeating often. Make twice the family capacity for mush, corn meal, oatmeal, wheat cereal or any other favorite, and serve it the first morning as a hot cereal. Pack the rest in a loaf pan lined with waxed paper and put it in the refrigerator for the following morning. Come breakfast time again, take it out and slice it into ½-inch slices and fry in hot shortening until honey-brown on both sides. Speed them from the griddle to a hot plate and serve with heated syrup.

MAKE BREAKFAST A FAMILY AFFAIR —If possible, have the whole family together for breakfast, even if it means getting up a little earlier. A family breakfast is a cherished custom that has a powerful psychological effect that makes the world seem brighter.
